

Vermont Declining and High Demand Occupations 2022

Vermont - Declining and High Demand Occupations

The primary purpose of this document is to assist in determining if an individual meets the declining and high demand occupation eligibility requirements for Additional Training Benefits as provided for in 21 V.S.A . §1471.

As detailed in Rule 25: Approval of Training Course or Program and Additional Training Benefits, of the Rules for the Vermont Employment Security Board, definitions for 'declining' and 'high demand' occupations are as follows:

- **Declining Occupation**

A declining occupation is one whose total number, as measured by the Occupational Employment and Wage Statistics (OEWS), has declined over the last two surveys **and** is projected to continue to decline. (Emphasis added)

- **High Demand Occupation**

A high demand occupation is one that is projected by the Department of Labor to have higher than average openings statewide than all occupations **or** have a higher-than-average growth rate. (Emphasis added)

Source of Data:

- 2019 and 2021 Occupational Employment and Wage Statistics (OEWS) as reported on the U.S. Bureau of Labor Statistics' website (www.bls.gov)
- Total Annual Openings and Annual Growth Rates are determined using the most recent long-term occupation projections (2020-2030) as posted online at www.vtlmi.info

Declining Occupations

The following occupations have been identified as “declining” based on declining OEWS data over the last two releases **AND** negative growth rate projected based on long term projections

SOC Code	Job Title	OEWS Employment		Nominal Change 2019-21	Projections Employment		Annual Growth Rate
		2019	2021		2020	2030
